KLX_{150L}

SALIENT FEATURES

PERFORMANCE

The 4-stroke, 144cc, air-cooled, single cylinder engine offers a lightweight power plant with both reliability and performance

EMISSIONS

Exhaust emissions for the KLX 150S pass Euro 3 emission standards

Kawasaki

KLX₁₅₀

KLX_{150L}

SALIENT FEATURES

STYLING

The KLX 150 takes styling cues from the award winning KX series that gives it its dynamic and sporty off road look.

SAFETY (BRAKES)

The KLX 150 is now equipped with petal disc brakes, contributing to its increased stopping reliability

SALIENT FEATURES

	FEATURES	ADVANTAGES	BENEFIT
PERFORMANCE	4-stroke, air-cooled, 144cc single cylinder engine	Engine is focused on low to mid-range ensuring a strong low-end torque	Engine configuration makes it easier to maneuver through uphill climbs which needs sudden bursts of speed.
	Euro 3 Compliant	Emissions comply with Euro 3 Emission standards	The KLX 150S and KLX 150LW complies with the latest emission standards designed for motorcycles

	FEATURES	ADVANTAGES	BENEFIT
SAFETY	Petal Disc Brakes	Change of brakes to petal disc brakes (240mm at the front and 190mm at the rear)	Increased stopping reliability

SALIENT FEATURES

FEATURES		ADVANTAGES	BENEFIT
STYLING	Racy KX inspired styling	Styling is more dynamic and more similar to the KX series compared to before	The KLX 150 adopts a more premium styling which enables it to stand out from the other of road models in the market.
	Aggressive Tail Light Design	Aggressive tail light design complements the bike's racy image. The rear flap integrates the rear turn signals for a compact tidy design	
	KX Inspired two-tone seat	Contributes to racy looks and adds a high-quality image	

SALIENT FEATURES

FEATURES		ADVANTAGES	BENEFIT
COMFORT	Uni-Trak Rear Suspension	Uni-Trak rear suspension with 190mm of wheel travel provides great road holding ability and bump absorption.	Uni-Track suspension ensures maximum comfortability even during rough roads and paths.
	Rear Shock Absorber	Single rear shock absorber with pressurized nitrogen gas is 5-way adjustable preload	Adjustable shocks allows riders to set up the bike for their weight
	Adjusted Handlebar Position	The handlebar has been repositioned to be 13mm higher and 32mm farther apart	New handlebar settings contribute to increased off-road riding comfort and helps reduce fatigue when riding on tough trails.

SALIENT FEATURES

				FEATURES	ADVANTAGES	BENEFIT
CONVENIENCE	2 available wheel sizes – 19” and 16” (KLX 150S) and 21” and 18” (KLX 150LW)		The larger wheel size allows riders to overcome larger obstacles when trail riding.		2 available wheel sizes allows riders to choose between the two model variants depending on their height.	
	Headlamp		35/35W Halogen Headlamp		Provides maximum visibility during night time riding	
	Slim Frame		The frame of the KLX 150S and KLX 150LW was designed to be easy to grip with the legs		Its slim and easy to grip frame provides maximum control to the rider	

TECHNICAL SPECIFICATIONS

ENGINE	KLX 150S	KLX 150LW
Type	Air-cooled, 4-stroke, Single	
Displacement	144cc	
Bore and Stroke	58.0 x 54.4 mm	
Compression Ratio	9.5 : 1	
Valve System	SOHC, 2-valves	
Fuel System	Carburettor, NCV24	
Ignition	DC-CDI	
Starting	Electric/Kick	
Lubrication	Forced lubrication, wet sump	

DRIVE TRAIN	KLX 150S	KLX 150LW
Transmission	5-speed, return	
Final Drive	Chain	
Clutch	Wet multi-disc, manual	

TECHNICAL SPECIFICATIONS

FRAME		KLX 150S	KLX 150LW
Type	Perimeter, steel		
Wheel Travel			
Front	175mm		
Rear	192mm		
Tyre			
Front	70/100-19M/C 42P	2.75-21 45P	
Rear	90/100-16M/C 51P	4.10-18 59P	

SUSPENSION		KLX 150S	KLX 150LW
Front	35mm telescopic fork		
Rear	Uni-Trak with 5-way adjustable preload
